Description

Black and white reproduction photographs from the Idaho State Archives collections. Images reflect the Committees assigned to the Public Hearing Room. Painting from the original 1863 chromolithograph in a large gold frame.

Exhibit illustrating through graphics and artifacts the governmental history of Idaho.

Painting commissioned by the Idaho Capitol Commission and the official image used during the Grand Re-Opening celebrations in 2010.

Wood framed color photo of USS Boise CL-47 ship. Back has faded note and stamp that says "Official United States Navy Photograph."

Wood framed photo of USS Idaho BB-42 ship. Back has note and stamp that says "Official United States Navy Photograph."

"Winged Victory of Samothrace," arrived on the "Merci Train" (Thank you train) donated by City of Paris 2/22/49. Large plaster sculpture of a winged female figure.

George Washington mounted on a horse sculpted by Charles L. Ostner and donated to the Territory of Idaho in 1869. White pine gilded gold.

Governors portraits (31)

Brass etching depicting the Idaho State Capitol by Robert Allen. Gift of the Lionel D. Jolly Trust.

Large square color painting of Idaho State Seal. Senate and House legislative composites by session and year. Oldest (1893) composites can be found on the 4th floor and progresses to recent sessions on the 3rd floor and Wings.

Temporary displays. Various Lincoln related objects on display outside and inside the public hearing room. Loans from the Idaho State Archives and David Leroy.
